To Whom It May Concern:

I highly recommend Keleigh Williamson. She is an outstanding individual. She is intelligent and has a great personality. I confidently recommend Keleigh for a variety of reasons.

I have had the pleasure of getting to know Keleigh well over the past couple years. Keleigh was a student in my United States History class last year, her junior year. She is truly a talented individual. I maintain very high standards in my class. Keleigh not only consistently met those standards; she frequently exceeded my expectations. Keleigh earned an A in my class the entire year and was one of the top students in the class. Keleigh is quite intelligent, but that is only one of many factors explaining her academic success. She has several other qualities that set her far apart from her peers. One of Keleigh's greatest strengths is undoubtedly her strong work ethic. She is rarely satisfied with simply fulfilling the mere requirements of an assignment and takes great pride in her work. Keleigh is responsible and very determined. Furthermore, she has a super attitude. Keleigh is positive and works very well in group settings. She is mature, respectful and always eager to help others. In addition to her academic excellence, Keleigh has been very active in extracurricular activities. Keleigh has devoted numerous hours to our FFA program and won several awards in this capacity. Additionally, Keleigh has found the time to participate in numerous volunteer activities benefitting our community, while holding down a job at the same time. At a time when many students have struggled greatly, Keleigh has risen to the occasion and even thrived. It should be no great surprise therefore, that Keleigh has earned the admiration and respect of her peers, as well as the staff at Valley Center High School.

For these reasons I strongly recommend Keleigh Williamson. She is a wonderful individual, with both talent and potential. Keleigh currently plans on becoming a teacher and I am confident she will make a great one. Keleigh is sure to have a positive impact on our future society. Thank you for your time and consideration.

Sincerely,

Michael J. Chew
